

LED Panel Light

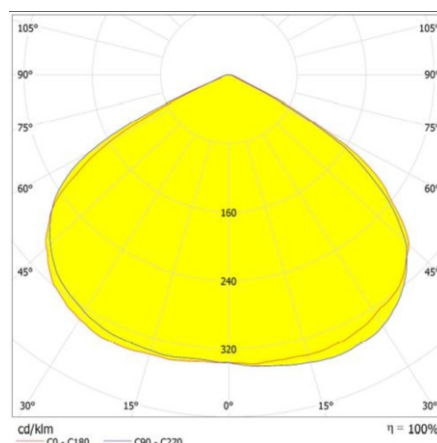

This LED panel light features an integrated body design, which is simple yet atmospheric, and easy to install. Its high transparency soft light plate provides uniform and soft light, without glare, flicker, and anti glare, effectively relieving visual fatigue. High color reproduction light source, realistic color reproduction, bright and transparent white light, greatly enhances the lighting effect of the space. Excellent heat dissipation performance, low energy consumption, high light efficiency, energy conservation and environmental protection, long service life.

Features

1. Energy saving: This LED panel light offers multiple energy-saving specifications of 40W/60W/80W, making it a more environmentally friendly lighting solution compared to traditional lighting systems.
2. High luminous flux output: This lamp has an impressive luminous flux of 100lm/w, which can provide the best lighting effect in large spaces while maintaining energy efficiency.
3. Durable design: The LED panel light is made of aluminum alloy+PC material and has a waterproof IP40 rating, which can withstand harsh environmental tests and achieve long-term use.
4. Wide application range: Suitable for various commercial and industrial places, such as warehouses, workshops, and offices, this LED panel light can provide the best lighting solution for different environments.

Surface Of Intensity Distribution

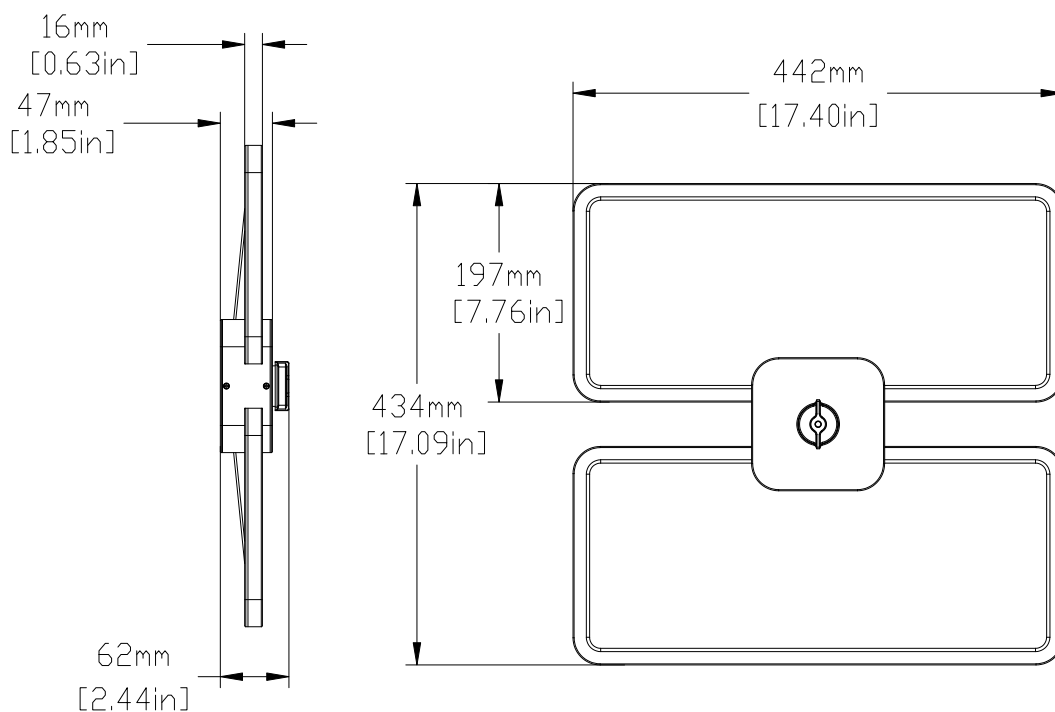

120°

DATA SHEET

Power	40W	60W	80W
Model	BB-PL-40W-A2	BB-PL-60W-A2	BB-PL-80W-A2
Luminous Flux	4000lm	6000lm	8000lm
Beam Angle	120°		
Materials	Aluminum Alloy + PC		
Luminous Efficacy	100lm/w		
Opera Tion Temp	-40 to +45 °C		
CCT	3000K WW /4100K NW/5000K DW/5700K CW /6500K SCW		
CRI	80+		
Life Span	50,000 hours at 25 °C		
Voltage	120-277VAC/50-60HZ		
Driver	UL Listed Power Supply		
Dimmable	No		
Sensor	Microwave Sensor / Infrared Sensor		
Luminous Source	2835 SMD LED		
IP	IP 40		
PF	>0.9		
Warranty	5 Years

Microwave Sensor

Product Details

Application

Suitable for various commercial and industrial places, such as warehouses, workshops, offices, supermarkets, lobbies, retail stores, schools, restaurants, hospitals, kitchens, etc

Specifications are subject to change without notice.
